

# modeFRONTIER Workshop

Multi-Disciplinary/Multi-Objective Design Optimisation and Process Integration Software

## What are the benefits of modeFRONTIER?

The 5 proven benefits are:

1. Greatly reduced design cycle time
2. Significant cost reductions
3. Extremely effective design decision making tool
4. Optimum design reached automatically under user guidance
5. User friendly and intuitive

## 2010 Workshop schedule:

Friday	22 <sup>nd</sup> January	Tuesday	20 <sup>th</sup> July
Wednesday	10 <sup>th</sup> February	Thursday	12 <sup>th</sup> August
Thursday	4 <sup>th</sup> March	Tuesday	7 <sup>th</sup> September
Wednesday	7 <sup>th</sup> April	Monday	18 <sup>th</sup> October
Friday	14 <sup>th</sup> May	Wednesday	10 <sup>th</sup> November
Monday	21 <sup>st</sup> June	Tuesday	7 <sup>th</sup> December

## Who should attend?

modeFRONTIER is a very diverse tool and can be used in a wide range of applications from engineering design to business simulation model optimisation. You should attend if:

- You wish to understand the benefits to your organisation
- You've attended a webinar and would like to take a "test-drive"
- You're keen to develop your skill set
- You would like an evaluation licence and a kick-start training

## Agenda

- 09.45 Registration & refreshments
- 10.00 An introduction to EnginSoft
- 10.15 Introduction to modeFRONTIER workflow
- 10.30 Hands-on: first workflow, first modeFRONTIER runs
- 12:15 Lunch
- 13:00 Post-processing and tutorial example
- 15:15 Wrap-up, close and follow-up actions
- 15:30 Optional tour of the Digital Lab, leave at leisure...

The workshops are held at the International Digital Laboratory, University of Warwick, located in the heart of England, 3 miles from Coventry centre. For details: <http://www2.warwick.ac.uk/about/visiting/>
